STANDARD TRAFFIC ORDINANCE
FOR
KANSAS CITIES

This *Standard Traffic Ordinance for Kansas Cities* has been published by the League of Kansas Municipalities since 1960. It is designed to provide a comprehensive traffic code for Kansas cities. It does not take effect in a city until the governing body has passed and published an ordinance incorporating it by reference under the authority of and by the procedure prescribed by K.S.A. 12-3009 through 12-3012 and K.S.A. 12-3301 and 12-3302.

It is not necessary to publish the *Standard Traffic Ordinance* in a newspaper if it is properly incorporated by reference. It is only necessary to publish the incorporating ordinance. The incorporating ordinance may delete articles or sections which the governing body considers unnecessary for the city. The incorporating ordinance may also change sections, but where there is a statutory citation at the end of any section, care should be exercised not to change the language in such a manner as to conflict with the language of the statute (K.S.A. 8-2001).

The *Standard Traffic Ordinance*, in large part, parallels the state traffic act. Additional provisions for local regulations, if any, may be included in the incorporating ordinance. Previous ordinances relating to traffic in conflict with provisions of this standard traffic ordinance and ordinances incorporating earlier editions of the standard traffic ordinance should be repealed by the incorporating ordinance.

There must be at least three official copies of this standard ordinance on file with the city clerk. Enforcing officers should have copies. The blanks on the first page should be filled in on all copies.

There are several blank pages at the end of this book. Newspaper clippings of the incorporating ordinance and subsequent ordinances on traffic may be pasted on these pages. Extra copies of the newspaper should be procured or reprints arranged for so that copies may be pasted in all copies of the standard ordinance.

A listing of changes in the *Standard Traffic Ordinance*, 2009 edition, which appear in the 2010 edition of the *Standard Traffic Ordinance*, can be found on page 162 of this edition.

Sec. 13. Traffic-Control Signal Legend. Whenever traffic is controlled by traffic-control signals exhibiting different colored lights, or colored lighted arrows, successively one at a time or in combination, only the colors green, red and yellow shall be used, except for special pedestrian signals carrying a word legend, and said lights shall indicate and apply to drivers of vehicles and pedestrians as follows:

- (a) **Green Indication.**
 - (1) Vehicular traffic facing a circular green signal may proceed straight through or turn right or left, unless a sign at such place prohibits either such turn; but vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.
 - (2) Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, may enter the intersection cautiously only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time. Such vehicular traffic shall yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.

- (3) Unless otherwise provided by a pedestrian-control signal, as provided in Section 14, pedestrians facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.

(b) Steady Yellow Indication.

- (1) Vehicular traffic facing a steady circular yellow or yellow arrow signal is thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection.
- (2) Pedestrians facing a steady circular yellow or yellow arrow signal, unless otherwise directed by a pedestrian-control signal as provided in Section 14, are thereby advised that there is insufficient time to cross the roadway before a red indication is shown and no pedestrian shall then start to cross the roadway.

(c) Steady Red Indication.

- (1) Vehicular traffic facing a steady circular red or red arrow signal alone shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection or if none, then before entering the intersection, and shall remain standing until an indication to proceed is shown, except as provided in paragraphs (2) and (3) of this subsection. Any turn provided for in said paragraph (2) and (3) shall be governed by the applicable provisions of Section 49 of this ordinance.
- (2) Unless a sign is in place prohibiting a turn, vehicular traffic facing a steady red signal may cautiously enter the intersection to make a right turn after stopping as required by paragraph (1) of this subsection. After stopping, the driver shall yield the right-of-way to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard during the time such driver is moving across or within the intersection or junction of roadways. Such vehicular traffic shall yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.
- (3) Unless a sign is in place prohibiting a turn, vehicular traffic upon a roadway restricted to one-way traffic

facing a steady red signal at the intersection of such roadway with another roadway restricted to one-way traffic which is proceeding to the left of such vehicular traffic, may cautiously enter the intersection to make a left turn after stopping as required by paragraph (1) of this subsection. After stopping, the driver shall yield the right-of-way to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard during the time such driver is moving across or within the intersection or junction of roadways. Such vehicular traffic shall yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other-traffic lawfully using the intersection.

(4) Unless otherwise directed by a pedestrian-control signal as provided in Section 14, pedestrians facing a steady circular red or red arrow signal alone shall not enter the roadway.

(d) In the event an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal. (K.S.A. 8-1508)

- (b) **Flashing or Steady Don’t Walk or Upraised Palm.** No pedestrian shall start to cross the roadway in the direction of such signal, but any pedestrian who has partially completed his crossing on the “walk” or “walking person” signal shall proceed to a sidewalk or safety island while the “don’t walk” or “upraised palm” signal is showing. (K.S.A. 8-1509)

Sec. 15. Flashing Signals. Whenever an illuminated flashing red or yellow light is used in a traffic signal or with a traffic sign it shall require obedience by vehicular traffic as follows:

- (2) **Flashing Yellow (Caution Signal).** When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.
- (b) This section shall not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossing shall be governed by the rules as set forth in Section 76 of this ordinance. (K.S.A. 8-1510)

Sec. 16. Lane-Direction-Control Signals. When lane-direction-control signals are placed over the individual lanes of

a street or highway, such signals indicate and apply to drivers of vehicles as follows:

- (b) **Steady Yellow Indication.** Vehicular traffic is thereby warned that a lane control change is being made.
- (c) **Steady Red Indication.** Vehicular traffic shall not enter or travel in any lane over which a red signal is shown.
- (d) **Flashing Yellow Indication.** Vehicular traffic may use the lane only for the purpose of approaching and making a left turn. (K.S.A. 8-1511)

Sec. 17. Display of Unauthorized Signs, Signals or Markings.

- (a) No person shall place, maintain or display upon or in view of any highway any unauthorized sign, signal, marking or device which purports to be or is an imitation of or resembles an official traffic-control device or railroad sign or signal, or which attempts to direct the movement of traffic, or which hides from view or interferes with the effectiveness of any official traffic-control device or any railroad sign or signal.
- (b) No person shall place or maintain nor shall any public authority permit upon any highway any official traffic control device bearing thereon any commercial advertising, except for business signs included as part of official motorist service panels or roadside area information panels approved by the secretary of transportation.
- (c) This section shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information and of a type that cannot be mistaken for official signs.
- (d) Every such prohibited sign, signal or marking is hereby declared to be a public nuisance and the governing body is hereby empowered to remove the same or cause it to be removed without notice. (K.S.A. 8-1512)

Sec. 18. Interference With Official Traffic-Control Devices or Railroad Signs or Signals. No person, without lawful authority, shall attempt to or in fact alter, deface, injure, knock down, or

The chief of police, subject to the approval of the governing body, may designate and maintain by appropriate devices, marks or lines on the surface of the roadway, crosswalks at intersections where in his opinion there is particular danger to pedestrians crossing the roadway and at such other places as may be deemed necessary. He may also, subject to such approval, establish and mark safety zones of such kind and character and at such places as may be deemed necessary for the protection of pedestrians. Prior to sentencing under the provisions of this section, the court shall request and shall receive from the division a record of all prior convictions obtained against such person for any violations of any of the motor vehicle laws of this state.
- (l) For the purpose of determining whether a conviction is a first or second conviction in sentencing under this section:
 - (1) **Conviction** includes being convicted of a violation of this section or entering into a diversion agreement in lieu of further criminal proceedings on a complaint alleging a violation of this section;
 - (2) **Conviction** includes being convicted of a violation of a law of any state or an ordinance of any city, or resolution of any county, which prohibits the acts that this section prohibits or entering into a diversion

- agreement in lieu of further criminal proceedings in a case alleging a violation of such law, ordinance or resolution;
- (3) Any convictions occurring during a person's lifetime shall be taken into account when determining the sentence to be imposed for a first or second offender;
 - (4) It is irrelevant whether an offense occurred before or after conviction for a previous offense; and
 - (5) A person may enter into a diversion agreement in lieu of further criminal proceedings for a violation of this section, and amendments thereto, only once during the person's lifetime.
- (m) Upon conviction of a person of a violation of this section, the division, upon receiving a report of conviction, shall suspend, restrict or suspend and restrict the person's driving privileges as provided by K.S.A. 8-1014, and amendments thereto.
- (n) Upon conviction of a person of a violation of this section, the court may order the convicted person to pay restitution to any victim who suffered loss due to the violation for which the person was convicted.
- (o) No plea bargaining agreement shall be entered into nor shall any judge approve a plea bargaining agreement entered into for the purpose of permitting a person charged with a violation of this section to avoid the mandatory penalties established by this section. For the purpose of this subsection, entering into a diversion agreement pursuant to K.S.A. 12-4413 *et seq.*, and amendments thereto, shall not constitute plea bargaining.
- (p) The alternatives set out in subsections (a)(1), (a)(2) and (a)(3) may be pleaded in the alternative, and the city may, but shall not be required to, elect one or two of the three prior to submission of the case to the fact finder.
- (q) For the purpose of this section:
- (1) **Alcohol Concentration** means the number of grams of alcohol per 100 milliliters of blood or per 210 liters of breath.
 - (2) **Drug** includes toxic vapors as such term is defined in Section 1.
 - (3) **Imprisonment** shall include any restrained environment in which the court and law enforcement

agency intend to retain custody and control of a defendant and such environment has been approved by the board of county commissioners or the governing body of a city.

- (r) Upon every conviction of a violation of this section, the court shall order such person to submit to a pre-sentence alcohol and drug abuse evaluation pursuant to K.S.A. 8-1008, and amendments thereto. Such pre-sentence evaluation shall be made available, and shall be considered by the sentencing court. (K.S.A. Supp. 8-1567)

{Editor's Note: Since 2007 the Kansas Legislature has acted to give municipal courts jurisdiction over the felony level offences of Third, Fourth, and Subsequent Driving Under the Influence (DUI), K.S.A. Supp. 8-1567. Because of concerns about sentencing issues and cost, the Editor has determined that this change would not be included in this Code. Should a city wish to implement these provisions concerning prosecuting felony level DUI in municipal court, a separate ordinance will need to be adopted.}

Sec. 30.1. Driving Commercial Motor Vehicle Under the Influence of Intoxicating Liquor or Drugs; Penalties.

 - (3) Committing a violation of subsection (a) of Section 30 of this ordinance.
- (b) In addition to any penalties ordered under Section 30 of this ordinance, the person convicted shall be sentenced to not less than 48 consecutive hours nor more than six months imprisonment, and fined not less than \$200 nor more than \$500.

- (c) The court shall report every conviction of a violation of this section to the division. Prior to sentencing under the provisions of this section, the court shall request and shall receive from the division a record of all prior convictions obtained against such person for any violation of any of the motor vehicle laws of this state.
- (d) Upon conviction of a person of a violation of this section, the division, upon receiving a report of conviction, shall disqualify the person from driving a commercial motor vehicle under K.S.A. 8-2,142, and amendments thereto.
- (e) For the purpose of this section, drive means to drive, operate or be in physical control of a motor vehicle in any place open to the general public for purposes of vehicular traffic and includes operation or physical control of a motor vehicle anywhere in the city.
- (f) For the purpose of this section, **commercial motor vehicle** shall not include:
 - (1) Farm vehicles, defined as follows:

- (a) Any person who operates or attempts to operate a vehicle within this state is deemed to have given consent to submit to a preliminary screening test of the person's breath subject to the provisions set out in subsection (b).
- (b) A law enforcement officer may request a person who is operating or attempting to operate a motor vehicle within this state to submit to a preliminary screening test of the person's breath to determine the alcohol concentration of the person's breath if the officer has reasonable suspicion to believe that the person has been operating or attempting to operate a vehicle while under the influence of alcohol or drugs or both alcohol and drugs.
- (c) At the time the test is requested, the person shall be given oral notice that:
 - (1) There is no right to consult with an attorney regarding whether to submit to testing;
 - (2) Refusal to submit to testing is a traffic infraction; and

authorized by K.S.A. 8-1001 and amendments thereto. A law enforcement officer may arrest a person based in whole or in part upon the results of a preliminary screening test. Such results shall not be admissible in any civil or criminal action concerning the operation of or attempted operation of a vehicle except to aid the court or hearing officer in determining a challenge to the validity of the arrest or the validity of the request to submit to a test pursuant to K.S.A. 8-1001 and amendments thereto. Following the preliminary screening test, additional tests may be requested pursuant to K.S.A. 8-1001 and amendments thereto. (K.S.A. Supp. 8-1012)

- (3) Blow into or start a motor vehicle equipped with an ignition interlock device for the purpose of providing an operable motor vehicle to a person whose driving privileges have been restricted to driving a motor vehicle equipped with such device; or
- (4) Operate a vehicle not equipped with an ignition interlock device during the restricted period.

(b) Violation of this section shall be punished by a fine of not more than \$2,500 or by imprisonment for not more than one year or by both such fine and imprisonment. (K.S.A. 8-1017)

Sec. 30.4 Impounded Motor Vehicle; Disposition; When.

Supp. 8-1021)

Sec. 30.5 Commercial Driver's Licenses; Diversion Agreements Not Allowed. A driver or a holder of a commercial driver's license may not enter into a diversion agreement in lieu of further criminal proceedings that would prevent such person's conviction for any violation, in any type of motor vehicle, of a state or local traffic control law, except a parking violation, from appearing on the person's record, whether the person was convicted for an offense committed in the state where the person is licensed or another state. (K.S.A. Supp. 8-2,150)

Sec. 31. Fleeing or Attempting to Elude a Police Officer.

 - (2) Any driver of a motor vehicle who willfully otherwise flees or attempts to elude a pursuing police vehicle or police bicycle, when given visual or audible signal to bring the vehicle to a stop, shall be guilty as provided by subsection (c).
 - (3) It shall be an affirmative defense to any prosecution under paragraph (1) of this subsection that the driver's conduct in violation of such paragraph was caused by such driver's reasonable belief that the vehicle or bicycle pursuing such driver's vehicle is not a police vehicle or police bicycle.
- (b) The signal given by the police officer may be by hand, voice, emergency light, or siren:
 - (1) If the officer giving such signal is within or upon an official police vehicle or police bicycle at the time the signal is given, the vehicle or bicycle shall be appropriately marked showing it to be an official police vehicle or police bicycle; or

Every person convicted of violating this section shall upon a second conviction be punished by imprisonment not to exceed one year or fined not to exceed \$2,500 or both. For the purpose of this section **conviction** means a final conviction without regard whether sentence was suspended or probation granted after such conviction. Forfeiture of bail, bond or collateral deposited to secure a defendant's appearance in court, which forfeiture has not been vacated, shall be equivalent to a conviction. **Appropriately marked** official police vehicle or police bicycle shall include, but not be limited to, any police vehicle or bicycle equipped with functional emergency lights or siren or both and which the emergency lights or siren or both have been activated for the purpose of signaling a driver to stop a motor vehicle. (K.S.A. Supp. 8-1568)

Article 7. Speed Regulations

Sec. 32. Speed Limitations; Basic Rule. No person shall drive a vehicle at a speed greater than is reasonable and prudent under the conditions and having regard to the actual hazards then existing. Consistent with the foregoing, every person shall drive at a safe and appropriate speed when approaching and crossing an intersection or railroad grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway, and when special hazards exist with respect to pedestrians or other traffic or by reason of weather or highway conditions. (K.S.A. 8-1557)

Sec. 33. Maximum Speed Limits.

- (a) Except as provided in subsection (b) and except when a special hazard exists that requires lower speed for compliance with K.S.A. 8-1557, and amendments thereto, the limits specified in this subsection or established as authorized by law shall be maximum lawful speeds, and no person shall operate a vehicle at a speed in excess of such maximum limits:

- (1) In any business district, 20 miles per hour;

- (b) No person shall drive a school bus to or from school, or interschool or intraschool functions or activities, at a speed in excess of the maximum speed limits provided in subsection (a), except that the board of education of any school district may establish by board policy lower maximum speed limits for the operation of such district's school buses. The provisions of this subsection relating to school buses shall apply to buses used for the transportation of students enrolled in community colleges or area vocational schools, when such buses are transporting students to or from school, or functions or activities. (K.S.A. Supp. 8-1558)
- (c) The maximum speed limits in this section may be altered as authorized in K.S.A. 8-1559 and K.S.A. 8-1560, and amendments thereto.

Ref.: Power to change speed limits generally and regulate speed in parks and school zones. (K.S.A. 8-1560, and K.S.A. 8-2002)

Sec. 34. Minimum Speed Regulation.

- (a) No person shall drive a motor vehicle at such a slow speed as to impede the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law.
- (b) Whenever the governing body determines on the basis of an engineering and traffic investigation that slow speeds on any highway or part of a highway consistently impede the normal and reasonable movement of traffic, the governing body may determine and declare a minimum speed limit below which no person shall drive a vehicle except when necessary for safe operation or in compliance with law, and that limit shall be effective when posted upon appropriate fixed or variable signs. (K.S.A. 8-1561)

Sec. 35. Special Speed Limitation on Motor-Driven Cycle.

No person shall operate any motor-driven cycle at any time mentioned in Section 144 at a speed greater than 35 miles per hour unless such motor-driven cycle is equipped with a head lamp or lamps which are adequate to reveal a person or vehicle at a distance of 300 feet ahead. (K.S.A. 8-1562)

Ref.: Sec. 182.

(K.S.A. 8-1565)

**Article 8. Driving on Right Side of Roadway;
Overtaking and Passing; Use of Roadway**

Sec. 38. Driving on Right Side of Roadway; Exceptions.

- (a) Upon all roadways of sufficient width a vehicle shall be driven upon the right half of the roadway, except as follows:
 - (1) When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movements;
 - (2) When an obstruction exists making it necessary to drive to the left of center of the highway; except that any person so doing shall yield the right-of-way to all vehicles traveling in the proper direction upon the unobstructed portion of the highway within such distance as to constitute an immediate hazard;
 - (3) Upon a roadway divided into three marked lanes for traffic under the rules applicable thereon; or
 - (4) Upon a roadway restricted to one-way traffic.
- (b) Upon all roadways any vehicle proceeding at less than the normal speed of traffic at the time and place and under the

conditions then existing shall be driven in the right-hand lane then available for traffic, or as close as practicable to the right-hand curb or edge of the roadway, except when overtaking and passing another vehicle proceeding in the same direction, or when preparing for a left turn at an intersection or into a private road or driveway.

- (c) Upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, no vehicle shall be driven to the left of the center line of the roadway, except when authorized by official traffic-control devices, designating certain lanes to the left of the center of the roadway for use by traffic not otherwise permitted to use such lanes, or except as permitted under subsection (a)(2) hereof. However, this subsection shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road or driveway. (K.S.A. 8-1514)

Ref.: Sec. 46.

Sec.39. Passing Vehicles Proceeding in Opposite Directions. Drivers of vehicles proceeding in opposite directions shall pass each other to the right, and upon roadways having width for not more than one line of traffic in each direction, each driver shall give to the other at least one-half of the main traveled portion of the roadway as nearly as possible. (K.S.A. 8-1515)

Sec. 40. Overtaking a Vehicle on the Left. The following rules shall govern the overtaking and passing of vehicles proceeding in the same direction, subject to those limitations, exceptions and special rules hereinafter stated:

- (a) The driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left thereof at a safe distance and shall not again drive to the right side of the roadway until safely clear of the overtaken vehicle.
- (b) Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle on audible signal and shall not increase the speed of his or her vehicle until completely passed by the overtaking vehicle. (K.S.A. 8-1516)

Ref.: For limitation see Sec. 42.

Sec. 41. When Passing on the Right is Permitted.

- (a) The driver of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:
 - (1) When the vehicle overtaken is making or about to make a left turn; or
 - (2) Upon a roadway with unobstructed pavement of sufficient width for two or more lines of vehicles moving lawfully in the direction being traveled by the overtaking vehicle.
- (b) The driver of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movement in safety. Such movement shall not be made by driving off the roadway. (K.S.A. 8-1517)

Sec. 42. Limitations on Overtaking on the Left. Except as otherwise provided in this article no vehicle shall be driven to the left of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the safe operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event the overtaking vehicle must return to an authorized lane of travel as soon as practicable and, in the event the passing movement involves the use of a lane authorized for vehicles approaching from the opposite direction, before coming within 200 feet of any approaching vehicle. (K.S.A. 8-1518)

Ref.: Sec. 40.

Sec. 43. Further Limitations on Driving on Left of Center of Roadway.

- (a) No vehicle shall be driven to the left side of the roadway under the following conditions:
 - (1) When approaching or upon the crest of a grade or a curve in the highway where the driver's view is obstructed within such distance as to create a hazard in the event another vehicle might approach from the opposite direction;
 - (2) When approaching within 100 feet of or traversing any intersection or railroad grade crossing, except that this section shall not apply to any intersection

on a state or county maintained highway located outside city limits unless such intersection is marked by an official department of transportation or county road department traffic control device or pavement marking or both indicating that passing is prohibited and such marking is placed at least 100 feet before the intersection; or

- (3) When the view is obstructed upon approaching within 100 feet of any bridge, viaduct or tunnel.
- (b) The foregoing limitations shall not apply upon a one-way roadway nor under the conditions described in subsection (a)(2) of Section 38, nor to the driver of a vehicle turning into or from an alley, private road or driveway. (K.S.A. 8-1519)

Sec. 44. No-Passing Zones.

- (a) Whenever signs or markings are in place to define a no-passing zone and clearly visible to an ordinarily observant person no driver shall at any time drive on the left side of the roadway within such no-passing zone or on the left side of any pavement striping designed to mark such no-passing zone throughout its length.
- (b) This section shall not apply under the conditions described in subsection (a)(2) of Section 38, nor to the driver of a vehicle turning left into or from an alley, private road or driveway. (K.S.A. 8-1520)

Sec. 45. One-Way Roadways and Rotary Traffic Islands.

- (a) When official traffic control devices indicate that vehicular traffic shall proceed in one direction upon any highway, roadway, part of a roadway or specific lanes a vehicle shall be driven only in the direction designated at all or such time as shall be indicated by such device.
- (b) A vehicle passing around a rotary traffic island shall be driven only to the right of such island. (K.S.A. 8-1521)

Sec. 46. Driving on Roadways Laned for Traffic. Whenever any roadway has been divided into two or more clearly marked lanes for traffic the following rules in addition to all others consistent herewith shall apply:

- (a) A vehicle shall be driven as nearly as practicable entirely within a single lane and shall not be moved from such lane

until the driver has first ascertained that such movement can be made with safety.

- (b) Upon a roadway which is divided into three lanes and provides for two-way movement of traffic, a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle traveling in the same direction when such center lane is clear of traffic within a safe distance, or in preparation for making a left turn or where such center lane is at the time allocated exclusively to traffic moving in the same direction that the vehicle is proceeding and such allocation is designated by official traffic-control devices.
- (c) Official traffic-control devices may be erected directing specified traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway and drivers of vehicles shall obey the directions of every such device.
- (d) Official traffic-control devices may be installed prohibiting the changing of lanes on sections of roadway and drivers of vehicles shall obey the direction of every such device. (K.S.A. 8-1522)

Ref.: Sec. 38.

Sec. 47. Following Too Closely.

- (a) The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicle and the traffic upon and the condition of the highway.
- (b) The driver of any truck or motor vehicle drawing another vehicle when traveling upon a roadway outside of a business or residence district and which is following another truck or motor vehicle drawing another vehicle shall leave sufficient space, whenever conditions permit, so that an overtaking vehicle may enter and occupy such space without danger, except that this shall not prevent a truck or motor vehicle drawing another vehicle from overtaking and passing any vehicle or combination of vehicles.
- (c) Motor vehicles being driven upon any roadway outside of a business or residence district in a caravan or motorcade,

whether or not towing other vehicles, shall be so operated as to allow sufficient space between each such vehicle or combination of vehicles so as to enable any other vehicle to enter and occupy such space without danger. This provision shall not apply to funeral processions. (K.S.A. 8-1523)

Sec. 48. Driving on Divided Highways; Left and U Turns; Controlled-Access Highways. No person shall:

- (b) Make a left turn or a semicircular or “U” turn on the interstate system;
- (c) Make a left turn or a semicircular or “U” turn over, across or within any intervening space, physical barrier or a clearly indicated dividing section so constructed as to impede vehicular traffic between roadways on a divided highway, except this subsection (c) does not prohibit making a left turn or a semicircular or “U” turn through an opening provided and surfaced for the purpose of public use for such turning movements;
- (d) Make a left turn or a semicircular or “U” turn on a divided highway wherever such turn is specifically prohibited by a sign or signs placed by the authority having jurisdiction over that highway;
- (e) Drive any vehicle on a divided highway except on the proper roadway provided for that purpose and in the proper direction and to the right of the intervening space, physical barrier or a clearly indicated dividing section so constructed as to impede vehicular traffic between roadways unless directed or permitted to use another roadway by official traffic-control devices or police officers;
- (f) Drive any vehicle onto or from any controlled-access highway except at such entrances and exists as are established by the authority having jurisdiction over such highway;
- (g) Use controlled-access highway right of way for parking vehicles or mobile equipment, or stacking of materials or

equipment, for the purpose of servicing adjacent property;
or

- (h) Stop, stand or park vehicles on the right of way of controlled-access highway except for:
 - (1) Stopping of disabled vehicles;

 - (3) Stopping in compliance with directions of a police officer or other emergency or safety official;
 - (4) Stopping due to illness or incapacity of driver; or
 - (5) Parking in designated parking or rest areas.

(K.S.A. 8-1524)

Ref.: Secs. 50, 51.

 - (1) **Right Turns.** Both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway.
 - (2) **Left Turns.** The driver of a vehicle intending to turn left shall approach the turn in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle. Whenever practicable a left turn at an intersection shall be made to the left of the center of the intersection, and any left turn shall be made so as to leave the intersection or other location in the extreme left-hand lane lawfully available to traffic moving in the same direction as such vehicle on the roadway being entered.
- (b) **Two-way left turn lanes.** Where a special lane for making left turns by drivers proceeding in opposite directions has been indicated by official traffic control devices:
 - (1) A left turn shall not be made from any other lane;
 - (2) A vehicle shall not be driven in the lane except when preparing for or making a left turn from or into the roadway or when preparing for or making a U-turn when otherwise permitted by law.

- (c) When official traffic-control devices are placed within or adjacent to intersections requiring and directing that a different course from that specified in this section be traveled by vehicles turning at an intersection, no driver of a vehicle shall turn a vehicle at an intersection other than as directed and required by such devices. (K.S.A. 8-1545)

Sec. 50. Right, Left and U Turns at Intersections: Obedience To.

- (a) The chief of police is hereby authorized to determine those intersections at which drivers of vehicles shall not make a right, left or U turn, and shall place or cause to be placed proper signs at such intersections. The making of such turns may be prohibited between certain hours of any day and permitted at other hours, in which event the same shall be plainly indicated on the signs or the signs may be removed when such turns are permitted.
- (b) Whenever authorized signs are erected or temporarily displayed on a movable standard indicating that no right or left or U turn is permitted, no driver of a vehicle shall disobey the directions of any such sign.

Ref.: Secs. 48, 51.

Sec. 51. U Turns; Where Prohibited. In addition to the fine imposed upon a person convicted of a violation of this section, the court may order that the convicted person's motor vehicle or vehicles be impounded or immobilized for a period not to exceed one year and that the convicted person pay all towing, impoundment, and storage fees or other immobilization costs. Prior to ordering the impoundment or immobilization of any such motor vehicle, the court shall consider the factors established in subsection (i)(3) of Section 30, and amendments thereto. - (d) Upon suspension of a license pursuant to this section, the court shall require the person to surrender the license to the court, which shall transmit the license to the division of motor vehicles of the department of revenue, to be retained until the period of suspension expires. At that time, the licensee may apply to the division for return of the license. If the license has expired, the person may apply for a new license, which shall be issued promptly upon payment of the proper fee and satisfaction of other conditions established by law for obtaining a license unless another suspension or revocation of the person's privilege to operate a motor vehicle is in effect.
- (e) In lieu of suspending the driver's license or privilege to operate a motor vehicle on the highways of this state of any person convicted of violating this section, as provided in subsection (c), the judge of the court in which such person was convicted may enter an order which places conditions on such person's privilege of operating a motor vehicle on the highways of this state, a certified copy of which such person shall be required to carry any time such person is operating a motor vehicle on the highways of this state. If the person convicted is a nonresident, the judge shall cause a copy of the order to be transmitted to the division and the division shall forward a copy of it to the motor vehicle administrator, of such person's state of residence. Such judge shall furnish to an person whose driver's license has had conditions imposed on it under this section a copy of the order, which shall be recognized as a valid Kansas driver's license until such time as the division shall issue the restricted license provided for in this section.

Upon expiration of the period of time for which conditions are imposed pursuant to this subsection, the licensee may apply to the division for the return of the license previously surrendered by such licensee. In the event such license has expired, such person may apply to the division for a new license, which shall be issued immediately by the division upon payment of the proper fee and satisfaction of the other conditions established by law, unless such person's privilege to operate a motor vehicle on the highways of this state has been suspended or revoked prior thereto. If any person shall violate any of the conditions imposed under this subsection, such person's driver's license or privilege to operate a motor vehicle on the highways of this state shall be revoked for a period of not less than 60 days nor more than one year by the judge of the court in which such person is convicted of violating such conditions.

- (f) It shall be an affirmative defense to any prosecution under this section that an occupant of the vehicle other than the defendant was in exclusive possession of the alcoholic beverage.

Prior to sentencing under the provisions of this section, the court shall request and shall receive from the division a record of all prior convictions obtained against such person for any violations of any of the motor vehicle laws of this state.

Failure to comply with a traffic citation shall be unlawful regardless of the disposition of the charge for which such citation was originally issued.
- (b) (1) In addition to penalties of law applicable under subsection (a), when a person fails to comply with a traffic citation, except for illegal parking, standing, or stopping, the municipal court in which the person should have complied with the citation shall mail notice to the person that if the person does not appear in municipal court or pay all fines, court costs and any penalties within 30 days from the date of mailing notice, the division of vehicles will be notified to suspend the person's driving privileges. The municipal court may charge an additional fee of \$5

for mailing such notice. Upon the person's failure to comply within such 30 days of mailing notice, the municipal court shall electronically notify the division of vehicles. Upon receipt of notification of such compliance from the informing court, the division of vehicles shall terminate the suspension action. When restricted driving privileges are approved pursuant to this section, the person's driving privileges shall be restricted to driving only under the following circumstances:

Such reinstatement fee shall be in addition to any fine, restricted driving privilege application fee, municipal court costs and other penalties. The court shall remit all reinstatement fees to the state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments thereto.

- (d) The municipal court shall waive the reinstatement fee provided for in subsection (c), if the failure to comply with a traffic citation was the result of such person enlisting in or being drafted into the armed services of the United States, being called into service as a member of a reserve component of the military service of the United States, or volunteering for such active duty, or being called into service as a member of the State of Kansas national guard, or volunteering for such active duty, and being absent from Kansas because of such military service. In any case of a failure to comply with a traffic citation which occurred on or after August 1, 1990, and prior to the effective date of this act, in which a person was assessed and paid a reinstatement fee and the person failed to comply with a traffic citation because the person was absent from Kansas because of any such military service, the reinstatement fee shall be reimbursed to such person upon application therefor.
