Permit Required.

This guide is designed to answer questions about the permit process and summarize the regulations governing garage sales.

A permit is required to have a garage sale. The City Code of Ordinance governing garage sales is found in Chapter 12; Sec. 12-541.

A garage sale is defined as “any garage, basement, yard, rummage or any similar sale of three or more items that were originally purchased by the garage sale permittee for the permittee’s ultimate use.”

Schools, Churches and nonprofit organizations may carry on garage sales for the benefit of the organization when such sale is conducted on School, Church or commercial property without obtaining a permit.

How often are Garage Sales Allowed?

One garage sale per quarter is allowed for a total of four (4) per year. Each garage sale can be held for up to three (3) consecutive days.

Calendar Quarters are:

- January 1st—March 31st
- April 1st—June 30th
- July 1st—September 30th
- October 1st—December 31st

What if I Purchase a Permit and Don't have my Sale?
