8:55	Next Steps & Questions	Shelby Ferguson
9:00	Adjourn	

**Upcoming Focus Group Meeting:**

Creating Consensus Phase

Wednesday, August 18, 2020 7 pm (Goals and Strategies)

# ACTIVITY GUIDE: TREND SORTING

## DIRECTIONS:

The trend cards will be discussed one at a time, with each person taking a turn reading the trend information. Once discussion is complete, the group should decide where the trend fits on the game board in front of you and asking two questions:

### PROBABILITY:

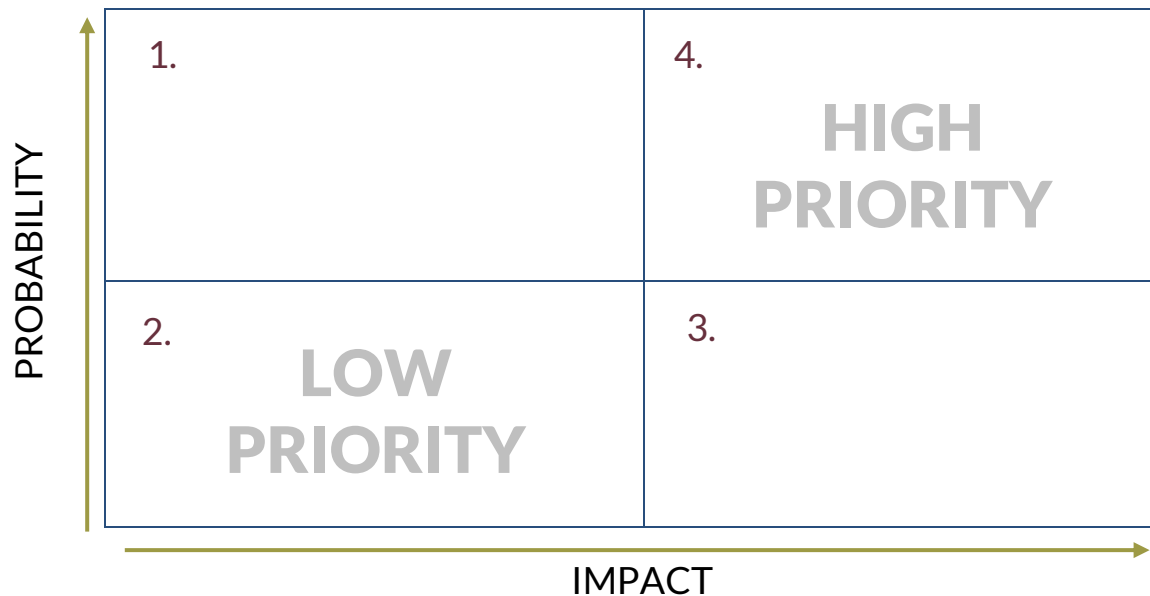

*Does the trend have a low or high likelihood of occurring?*

### IMPACT:

*Will the trend have a low or high impact on Leavenworth?*

Place the trend card in the quadrant on the game board that matches the probability and impact that the group decided. The trend card will end up in one of the four quadrants:

1. Low impact, high probability
2. Low impact, low probability (Low priority)
3. High impact, low probability
4. High impact, high probability (High priority)

Continue around the group until all trends have been read, discussed, and placed on the game board.
