ISSUE:

Receive presentations on plans to purchase and redevelop 600 Cherokee Street.

BACKGROUND:

The City of Leavenworth published a Request for Proposals (RFP) in January that invited interested parties to submit plans for the acquisition and redevelopment of 600 Cherokee Street. Creative plans were sought that would provide a fiscal benefit to the City and continue downtown revitalization efforts. Two written proposals were received.

Each applicant will present their proposed plans for the property, experience with similar projects, total projected financial investment, and anticipated level of City financial support.
