## Message from Chief Kitchens

The men and women of the Leavenworth Police Department are proud to present the 2022 Annual Report. Officers and employees continued to meet the challenges of providing for the public safety of our community with great spirit.

The overall crime rate in the City of Leavenworth went down 18%. This continues a 5 year trend of the crime rate dropping significantly. Part 1 crimes were down slightly and Part 2 crimes were down significantly. Some of those reductions can be contributed to the closing of CCA. We continue to deal with the tragedy of Domestic Violence as our primary source of all calls for service but they were down in 2022.

The law enforcement profession continues to focus our efforts on hiring and retention. We have remained generally steady with staffing and seen some progress that is reflected by an overage of three vacant positions. We were able to promote three new Detectives and that unit is fully staffed.
